

Dear colleague,

On behalf of the young Spanish Molecular Imaging Network we are very happy to invite you to the 4th ySMIN meeting that will be held in Santiago de Compostela on the 19th January 2023 at Hospital Clínico Universitario De Santiago de Compostela. You are very welcomed to submit your abstracts!

- **When?** 19th January 2023.
- **Where?** Santiago de Compostela.
- **Where exactly?** Edificio Docente Roberto Novoa Santos. Hospital Clínico Universitario De Santiago de Compostela. Travesía da Choupana s/n
- **Abstract deadline?** **Abstract submission deadline is on the 4th december 2022.**
- **Abstract Submission Rules?** English language. Follow the classic scheme: Title-Authors (with affiliations)-Introduction-Methods-Results/Discussion-Conclusions-Acknowledgement (optional)-References (optional). Size is limited to 2850 characters (incl. space characters). You can add one figure/picture, included in the main text, properly labeled. Submit it as PDF.

All presentations will be granted to **attendees in early stages of their careers** (PhD students and early postdocs). There will be two types of presentations:

- **Oral presentation:** 8 min presentation + 4 min discussion
- **Poster flash presentation:** 4 min presentation + 2 min discussion

Please note that ySMIN meeting is **FREE** for all attendees but you will need to register because the capacity is limited. So, we encourage you to do the registration and send us your abstract as soon as possible. In all cases registration will include coffee breaks, lunch, access to plenary lectures and presentations. Speaking of which...

We are very happy to announce our two plenary speakers! You cannot miss them!

- Prof. Phillip Elsinga, University of Groningen, the Netherlands.
“Current trends in radiopharmaceutical chemistry”.
- Dr. Ramón Iglesias, IDIS Santiago de Compostela.
“Role of MRI in neurological studies”.

Registration and abstract submission link:
