SESSIO CIENTIFICA DE LA UNITAT FUNCIONAL DE PATOLOGIA CEREBRAL VASCULAR

"Advances in imaging evaluation and acute workflow paradigms in acute stroke"

Johanna M. Ospel, MD, PhD

Department of Diagnostic Imaging & Clinical Neurosciences
University of Calgary, AB, Canada

Johanna M. Ospel is a renowned expert radiologist in the field of neurology and stroke research at the University of Calgary. Her work primarily focuses on the treatment and outcomes of acute ischemic stroke, particularly in the context of endovascular therapy. Dr. Ospel is known for her contributions to advancing the understanding of stroke imaging, patient selection for reperfusion therapies, and optimizing clinical practices to improve patient outcomes.
